## SUMMARY

I'm a passionate and results-driven web developer with extensive experience in crafting dynamic, user-friendly, and responsive websites. With a strong foundation in both front-end and back-end development, I specialize in full-stack development, ensuring seamless, high-performing web experiences from start to finish.

---

## WORK EXPERIENCE

### XLogic Solutions, Faisalabad

June 2025 - Present

- **MERN Stack:** Built modern, responsive, and scalable web applications using MongoDB, Express.js, React.js, and Node.js, with a focus on clean UI, efficient APIs, and smooth user experiences.
- **AI Integration:** Integrated AI-powered features into web applications to enhance user experience, automate tasks, and deliver smarter, more interactive digital solutions.

### AskSeo, Faisalabad

May 2024 - April 2025

- **Custom WordPress Plugin Development:** Developed custom plugins for WordPress to add specific features and functionality tailored to client needs.
- **PHP Backend Development:** Built backend systems and databases with PHP, ensuring efficient and scalable solutions for complex business requirements.

### Genius Mind Zone, Faisalabad

June 2023 - March 2024

- **Full-Stack Development:** Developed dynamic and responsive web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- **Database Management:** Utilized MongoDB for efficient database management and optimized data storage.
